Zines

The letters in Harpers
a rational feast. Those on
Yahoo embarrass Koko.

Atlantic, New Yorker, etc
pitch me absurdly low-
ball subscriptions.

Can't pull the trigger
& don't know why.

Not just because I get some
content online. More like

a loss of *joie de vivre*
& fiber methinks.

The barbarians at the gate
actually filtered through Rome
long before it truly fell. After

awhile, you couldn't tell
who was who.
